

21%

AMMONIUM NITRATE

# 21% ANSOL

**21% N, Ammonium Nitrate Solution is utilized as high-quality source of Nitrogen (N) in plants**

**21-0-0**

## GUARANTEED ANALYSIS:

Nitrogen.....21.0%

10.5% Ammoniacal Nitrogen

10.5% Nitrate Nitrogen

Derived from Ammonium Nitrate.

This product is intended to be used and handled properly. To assure optimum quality and performance: use clean and well maintained equipment. Use in accordance with recommendations of a qualified individual.

**Density: 10.73 lbs./gallon**

**Net Weight: 2,900 lbs.**

## STORAGE

Store above 51°F in a well ventilated place.  
Keep container tightly closed.

## DISPOSAL

Dispose of contents / container in accordance with local, regional, national, international regulations

CAS # 6484-52-2

Manufactured by:

**TradeMark Nitrogen Corporation**

**FL-494**

1216 Old Hopewell Road

Tampa, Florida 33619

## WARNING

**May intensify fire. Causes skin irritation. Causes eye irritation.**

**May cause damage to organs (blood). Harmful to aquatic life.**

## PRECAUTIONARY STATEMENT

Do not breathe mist or vapor. Wash thoroughly after handling. Use only outdoors or in well-ventilated area. When handling product; wear protective gloves, protective eyewear, protective clothing and face protection. Avoid contact with eyes, skin and clothing.

## HAZARDS

**Inhalation:** If inhaled, remove person to fresh air and keep comfortable for breathing. If breathing is labored, administer oxygen. Provide artificial respiration if necessary. Seek prompt medical attention.

**Skin Contact:** Take off all contaminated clothing. Rinse skin with soap and water for at least 15 minutes.

**Eye Contact:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing for at least 15 minutes. Seek medical attention if irritation persists.

**If Swallowed:** Do NOT induce vomiting. Drink large amounts of water. Never give anything by mouth to an unconscious person. Seek medical attention.

**Acute Health Hazards:** High levels of nitrates may reduce the bloods ability to transport oxygen causing headache, fatigue, dizziness and blue lips and skin (methemoglobinemia).

**Chronic Health Hazards:** Methemoglobinemia is the primary health effect, but possible excessive action of the kidneys and perhaps bowels can occur.

## Warranty:

Seller warrants that the product conforms to its chemical composition and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
